

NHS Scotland - Primary Care Rebate Schemes Register

The register contains a list of all current primary care rebate schemes (PCRS) outside of the Patient Access Scheme arrangements.

For the stand-alone scheme type: refer to pricing register tab for details of the discount arrangement(s) which **should be treated as commercial-in-confidence information and not shared outwith the NHS**. Medicines currently covered by this scheme type are typically prescribed in primary care. Please see guidance notes for further information on particular schemes.

For schemes designed to achieve price parity with secondary care contract pricing, please refer to the relevant NP Framework implementation pack (Buyer Guide). Medicines currently covered by this scheme type are typically prescribed in secondary care, and prices can be obtained from PCM.

A list of Patient Access Schemes which apply in the primary care setting can be found in the PAS register.

Queries can be directed to the National Procurement Pharmacy Team at nss.pchc@nhs.scot
