Dear Mr Bloggs

Practitioner Profile for List Number 00000

Enclosed is a Practitioner profile report for your list number for the period 01/11/2023 to 31/10/2024 .

The purpose of the report is to give you information on your earnings and treatment activity pattern for your list number in comparison to the whole of Scotland. This will allow you to compare your list number activity with other practitioners providing the same services and treatment.

The list is split into two sections:

· Table 1 - Fees Authorised
. Table 2 - Analysis of Treatment

You should read the profile in conjunction with the guidance issued, "Understanding your Practitioner Profile", which gives useful information on how the information in the report is compiled and how to interpret it.

If you have any queries regarding the profile, please send these in writing to

    Helpdesk
    Practitioner Services Division (Dental)
    NHS National Services Scotland
    Gyle Square
    1 South Gyle Crescent
    Edinburgh EH12 9EB

or contact the Customer Services Unit on   0131 275 6300
or email nss.psddental@nhs.scot

Yours sincerely,

M Morrison
Associate Director

INTRODUCTION

The first page introduces the Profile and gives you a breakdown on the structure and content

The dentist receives a Profile for any List Number active during the period of the Profile – even if the List Number is now resigned or was resigned during the period.

This Guidance ('Understanding Your Practitioner Profile') gives explanations on figures used in the Profile and the calculations used to create them.

Bite plane appliance	0	0	0	0	1	1
Space maintainer	0	0	0	0	<1	1
Extra Oral Traction/Anchorage						
Extra Oral Traction	0	0	0	0	<1	1
Upper anchorage reinforcement	0	0	0	0	<1	1
Lower anchorage reinforcement	0	0	0	0	<1	1

TABLE 2 – ANALYSIS OF TREATMENT

Each item shows the total number of patients receiving the treatment.

A patient is counted once even if they received the same treatment more than once.

The 'Number of Treatments' shows the total number of treatments carried out.

The 'Normal no. treatments' (sometimes called the Mode) is the number most commonly occurring. It refers to the most common number of treatments per patient.

E.g. The set of 24 cases below gives the number of treatments carried out per patient:

2, 2, 3, 4, 2, 2, 3, 1, 6, 3, 1, 3, 5, 2, 2, 3, 5, 4, 2, 3, 2, 2, 2

The most common or NORMAL number of treatments per patient is 2.
